## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments filed 19 June 2008 have been fully considered but they are not persuasive.

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 23-24 & 37 rejected under 35 U.S.C. 102(b) as being anticipated by Reszka et al. (WO 99/67809).

Applicant has amended the claims to include the limitation of the isoprenoid fatty acid ester being present as the active ingredient. The inclusion of this phrase does not overcome the rejection of anticipation in view of WO'809.

As stated in the previous office action, WO'809 teach bisphosphonate inhibits bone resorption (pg. 2 top) and teaches methods for inhibiting bone resorption and treating osteoporosis by co-administering a nitrogen –containing bisphosphonate and an isoprenoid compound (see particularly claims 16 and 21). It is taught on page 4, starting at lines8, isoprenoids block the bisphosphonate-induced inhibition of osteoclast functions.

Based on this admission, the isoprenoids function as an active ingredient in conjunction with bisphosphonate inhibit bone adsorption and treats osteoporosis.

***Allowable Subject Matter***

3. Claims 25-33 are allowed.

***Conclusion***

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
